

Bridges Associates, Inc. Bridging Out Program
Project Appeal 2006-2007: Stories of Resilience

Dear Families and Friends,

We are having our third annual appeal for the Bridging Out Program. Your response to last year's appeal was generous ! It enabled us to enrich our meetings with community based activities and shared meals.

This year our members have set a challenging goal! We will update the Puzzle Book written in 1991 by our members. The focus will be personal stories of resilience as well as a history of the program which began in 1990. This is an ambitious project involving staff time and production costs. Your support will be very much appreciated as we document the success of this remarkable almost 20 year old program.

Thank you again for your continued interest and support.

Very truly yours,
Bridging Out Members
